DETAILED ACTION

Ex parte Quayle

1. This application is in condition for allowance except for the following formal matters:

Drawings

2. Figure 1 (replacement sheet filed 4/5/06) should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claims

3. Claim 10 contains the following informality: line 6, "part" should be "parts" to correct a grammatical error.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

4. Claims 1, 4-14, and 17-30 are allowable over the prior art of record.
5. The following is a statement of reasons for the indication of allowable subject matter: Claims 1, 10, and 30 are allowable over the prior art of record because the prior art of record does not teach or suggest the locking portion contacting the inner circumferential surface of the heat roller by an elasticity of the elastic portion as set forth in the claimed combination.
